A Happy and Blessed 2005 to you and your loved ones at this time of celebrating a new year /a new beginning.

December 29th 2004: To all out therapists who braved the rains and cold to come to Chapel Gap for the Post Christmas Retreat / Soiree, bless you all. The feedback I have recently received has indeed been challenging and uplifting. Our hearts went out to those of our group who were unable to be present. However, during the candle ceremony, we remembered our therapists Aggie (Scotland); Angela, Bernie & Margaret (Ireland) and Athena and Mum (Bulgaria) by lighting a special candle for you.

To all of you (Sr's Nutty, Ginger Spice, Smiley, Wicked, Wow, Cool, Awesome, Eccles, Bongo, Rainbow, Speedy and brother Masterful, thank you for my new name "Brother Commitment". I shall treasure this and as you know 'commitment' is what we are about as a small family of soul seekers sharing a diverse array of skills and talents for the common good. It is so easy to enter an organisation /group full of enthusiasm and then loose sight of the fact that we came on board to share –to receive-to grow -to bless- and to be blessed.

Making time to support and nurture each other is very important for our survival as light workers, therapists and members of a spiritual family of soul seekers. It has been said that possibly I need a flock to sustain myself in my spiritual path –I have never consciously sought out a flock. However, if being a part of a caring group of likeminded soul seekers is akin to being part of a flock, then my being part of something credible and beautiful that uplifts my soul, empowering one to soar towards the Divine Light, promoting unison and sharing Love and Light to everyone can only be positive manifestation of who I am and all that I represent.

I don't see the 'Sean Bradley Academy' as being a power –ego craze to fuel my life. The name was given by the realms to establish a centre of excellence for like-minded soul seekers and thereby promote Love and Light from the grass roots (Our Therapists), which in turn, would touch clients with selfless healing love.

The Academy is not just a place! It is a small vibrant healing energy cradle that challenges therapists and clients to embrace 'all that they truly are' and empowers one to embrace their Divinity and Behold –Enfold –Hold and Listen to the beating Heart of Love and Light. In the words of Sr. Agatha, my spiritual Director, if I only touch one life /soul, then I have done the work of the Master. From the feedback that I receive from across the globe, I know that the energies have indeed touched more than one soul to behold and embrace the face of their Heavenly Father and our Earthly Mother.

Enjoy reading the enclosed Channelled messages from the Realms in the past week.

The World was a Gift, From God – from His Heart, it was given for knowledge
For you All to impart. It was Gifted through Love, and now - to your shame!
You've damaged the Gift, and thrown it back – again!
This time and this chance -Is the *LAST that HE gives*, in terms of the Earth...
And He will *see how* you live.
You *must* work hard; the repair work to do...PURE LOVE in energy will bring you all through.
This cleansing and clearing *had* to be done to shock you all into working as One.
The souls who have crossed -went with *your* bridge of Light, so it just shows you all
What you *can* do in spite, of the stupidity and abuse that has been directed into the Gift...
You *MUST* pull together now and make the energy LIFT.
It is not too late to turn things around, but better start NOW before Earth is razed to the ground.
This recent “event” has come to show what *can* happen...as many of you know...
When you mess around with balance, when the harmony shifts...get started immediately
And *use all* of your gifts. You *must* work together and you ALL now should see
That the *only* “RULER” Can ever be ME !
You are Me in spark, and the light with which you shine, should *show you all*
You only ever *were* MINE.
Too many groups with egos abound...this one with Reiki, that one with sound...
Some say prayer alone *should* be the only way I AM THE *ONE!*
LISTEN TO WHAT I SAY !
It is my hand alone that gave you your life...time now to learn fast and remove all of this strife.
When *WILL* you learn, that gentleness and Love from the Heart is the greatest of gifts
That to you all, I did impart?

Messages from the Realms for the Academy 2005

Message Channelled for Sean from The Realms through Kryisia 28.12.04 at 9pm

Dearly beloved son of ours now walking on the earth.
We come to reassure you of what all your work is worth.
We come to say; now gird your loins and prepare for the New Year.
For many signs will come to pass to guide you ever near.
To the work that we shall undertake on behalf of all mankind
The path that you must walk along the year, will be clearly defined.
Pastures new will open up to your brand of love and light
Bridges of light to all the world will brighten darkest night
All light workers now must join their forces on the earth
As we above are united in our celestial warmth
It matters not what path you travel to the light
What name you give to your particular brand of sight.
These differences must disappear as you all work together for the same goals,
You must break the tether of names and titles for your healing touch.
For all together, a mighty force, you can do so much.
We, from our place of loftier vision see how these erroneous details
Create much division.
No one on this path can afford to be divisive now
We need total unison amongst those who guide the plough
For tilling this new ground to bear good fruit
An example for all men to follow suit
You have all come so far along the path to light

Now we need you to break new ground to deal with the Earth's plight
Show the way, guide by your example true
That all the paths to this great work must take on a new view
Drop all the barriers; gather together in a river of gold
Then watch the miracles unfold
Meditate long upon the words of wisdom from the Realms
We are asking you, within your sphere, to take the helm
Your work draws many strands together now
Tell them they must unite somehow.
Tell them to leave their divisions behind them.
To bring their diverse talents together with them
To join together in a mighty golden flood
For this is needed for humanities good.
This is our message to you for 2005 a momentous year
And we will ever gather near
Support you all along the way.
As you gather the rich wealth of God day by day
As you unite the light workers into a mighty force
To help this earth along its course.
So dear son, be of good heart.
Strength to you we will impart
Surround you with angelic wings
Fill you with the joy that brings
And you shall see such things beyond your wildest dreams
When divisions disappear and heaven can spread its golden beams
Upon the earth and all who walk they're on
And truly then will ALL divisions be Gone!

Message from the Archangel Gabriel

Dearly Beloveds, Welcome to this joyous day of celebration of the Light. In this season, despite the materialism of mankind, more love and light circulates this globe than at any other time in the calendar and in Heaven there is great rejoicing. For within, in all the preparations and business, at the heart, there is love for one another. The wish to make one another happy and uplifted. Also thankfulness for the blessings of your lives, brings about thoughts of those less fortunate than yourselves.

Be empowered Beloved Ones by the knowledge that you have the power to change all this and to uplift humankind. Conflict has never helped these issues; in fact it has caused them to be worse. Now is the time to seek other routes. Do not dwell on the negatives of these situations, for by dwelling on them in sadness, grief and anger you are fuelling the fire.

Wrap all your feelings of powerlessness and empathy in Light. Replace your feelings of anger and disgust with Light. Send the Light to the situations and those involved, every time you have the thought, no matter how fleetingly. This will help the Spiritual and Angelic forces of the Father /Mother God to come closer still and bring to bear the Light of the Universe on all these things, to the changing of these situations and the bringing about of peaceful solutions and care for all the dispossessed.

The Mighty Love and Power of the Father/Mother is close now than in centuries past. Use it for the benefit of all, yourselves; you're closest ones, and all your feelings for your siblings of this Earth.

The Power is in your heart and in your mind. Send your love and light, not your pity and frustration. This is the way forward.

Today, cherish your blessings, the love that surrounds you and be aware of the massive outpouring of goodwill all around you, amongst people of good will all around you, amongst people of many nations. Let not your joy be tinged with regret or sorrow – but embrace the love and joy to the full.

Our blessings be upon you this day and upon every soul that walks this Earth. Be of good heart. Our love surrounds you always.

Message from Archangel Melchizadek

We are with you. Life is moving quickly to a great culmination for all of you. We will find the way for you to move forward in ability to heal yourselves and others. Disregard now all monetary issues as far as moving forward on this path is concerned. All will be provided as necessary – your earthly responsibilities will not be allowed to hold you back. All will be taken care of – worry not now, just keep moving towards the ever-expanding goal of Light. For I say, we are with you.

The Light is growing ever and ever stronger –use all the tools you have gained through your diligence and genuine desire to grow, to heal, and to help, to serve. Do not give in to the lower forces with which you battle. For you have all the help of the Universe behind you. We forever surround you. Feel yourselves held in the Wings of Eternity, for yours is a great and glorious endeavour.

Involve the Violet Flame constantly –see yourselves held in that flame every moment of your existence. More and greater knowledge is close at hand –eschew it not, but grasp it eagerly and use it well. You are unaware of the enormous difference you have already made upon not only those close to you, but the out reaching of your mighty effort to pursue the Light. The ripples have spread as from a mighty boulder falling into an endless sea, and they have travelled far beyond your imaginings, so many more have benefited than you can ever imagine.

Shun not your power; build upon it for the good of all mankind and for the upliftment of the good Mother Earth and all living things that dwell there on.

Blessed are those that seek the Light and seek to free themselves and their fellowmen from the bondage they have suffered since ages past.

You are precious to us and held always in loving care.

A NEW LIFE

A New Life stands on my doorstep ready to enter my life's journey.

Something in me welcomes this visitor: the hope of bountiful blessings,

The joy of a new beginning, the freshness of unclaimed surprises.

Something in me rebuffs this new visitor: the swiftness of the coming,

The boldness of the entrance, the challenge of so many new ways of doing things.

Something in me fears this visitor: the unnamed events of future days,

The wisdom needed to walk love well, the demands of giving up and growing away.

A new challenge stands before on my doorstep: with fragile caution I move,

To open the door for its entrance. My heart leaps with surprise,

Joy jumps in my eyes, for there, beside this brand new opening

Stands my God with outstretched hand! He smiles and gently asks of me....

“Can we walk this new phase together?” and I, so overwhelmed with goodness can barely whisper my reply:

“Welcome in.”

Since we last met on the 29th December, I have spent sought the support of the Realms and pending your support and that of the realms, I now propose to run a fraction of the 1 day conferences in a more suitable setting where woodlands are evident. But, I will need your support to help us spread the word and ask the realms to underwrite the expenses for these events totalling 7. I have e-mailed Jeanne to see if we could run the 1-day conference at her centre and thereby support Jeanne and Carol in their teaching preparations and experience. Ireland events are still going ahead with the support of Mairead, a beautiful Light worker and hopefully support Angela and Bernie in their teaching course.

Could I call upon the Manchester Group to enquire on the costs to facilitate a booking a) Heaton Hall, Heaton Park; or b) for the Community Centre at Timperley for **10 September 2005** and thereby spread the word for the event.

Simple Prayer for 2005:

I ask that everyone who'd receive blessings from my workshops, website and materials be guided to attend the advanced residential therapist's course, further courses, Retreats, or 1 to 1 treatments /counselling sessions at Chapel Gap. I ask that those light workers, carers and others who are searching for information about my work, receive that information. I ask that they be given enough money, time, babysitting, transportation, and all other support, so that they may attend to the workshop. I trust that all prayers are answered. I also ask the realms to bless, protect and guide all of our Therapists, Teachers and all of our students to Behold-Enfold –Hold and Listen to our Heavenly Father and our Earthly Mother speak love and Light to their heart centres.

I am proud of each one of you and so thankful to the Realms for leading you into my life to empower me to 'self heal' and reclaim the dignity of my being. As I have said to each one of you on more than one occasion, you too have been and remain my teacher. Bless you, one and all.

On behalf of the Realms and the Christ healing energies, I thank you from my heart for all that you have achieved and continue to do on behalf of the academy.

Rob and I look forward to working alongside you and supporting each of you in 2005.

Yours in Love and Light

Sean & Rob xx
