

Channelled Teachings from Sananda No: 1 re: Faith Hope and Love

This is Sananda. There is so much I would wish to say to you and all mankind at this moment. My hopes are that times will change for the better. Gradually, imperceptibly I believe there is a change. Not necessarily all over the world, but I feel that there are pockets of people like your group who are increasing their spirituality and attempting to be better citizens – should I use the word Christians, and this is something which I am pleased to see. All of the Hierarchy are looking for this. There are large numbers of these groups like the Tau Community, not necessarily of the same faith, but all are expanding both their spirituality and their numbers to include others who are waiting in the wings, shall we say, on the verge of learning how they can improve their spirituality and be more evolved individuals. All of you are attempting to extend and expand your consciousness through meditation and prayer, but not necessarily all mankind have done so.

There are still areas-shall we call them grey areas where there is violence, where there is hypocrisy, and where that faith which I hope is increasing within you has been momentarily lost, but I hope in time that even these areas will gradually become golden areas so that their souls will be able to overcome what the lower self is doing at this time.

As you know through faith you can do all things. Faith can move mountains and if you truly believe – know that whatever you wish can be fulfilled if you have sufficient faith. It is these three things –faith, hope and charity on which I wish to speak. Faith is within each one of you latent and waiting to be used. Many of you have discovered this and know that if you turn to God and put your troubles in His hands that those troubles will be turned away from you and the problems will be solved gradually, miraculously if you put your faith in God. It is strange how man thinks that he is alone and that only he is able to solve problems which sometimes seem insurmountable, but if you or he will have true faith and just pass those problems to God, forgetting them and allowing Him solve them that all will be well. Again Hope lives eternal and we hope that man will see this and know that if he truly believes then the hope that lives within him will also be given credence and the hopes of all men will be fulfilled. If you are without hope what would life be? It would hardly be worth living if you had no hopes for future happiness. Know that God is always there to give you hope. Pray to Him and ask that your hopes will be fulfilled and truly they will be. If you have faith to believe they will –they truly will!

Just allow God to work in His own way. Sometimes it is unexpected in the way in which your hopes are fulfilled –through someone else perhaps who is being used by God for their purpose. Just allow Him into your hearts and into your lives and what a change will be wrought. Know that everything can be given to you from God, and if He gives you something use it and send forth love and gratitude, because everything that is given to you is from God and even though it may appear to be from someone else –your hopes have been granted.

Each one of you has different hopes and ideals and needs, but never fear that you expect too much from God. It is needs that are granted, not wants. If someone is truly needy, those needs will be supplied, but if someone is filled with greed and wants something that is unnecessary then that is not always given unto to you. It is purely

what is necessary that is given – if you wish for something further then you yourself must supply it. Greed is a different thing from need and if you will weigh up whether your wants are greed you will realise that many things are not really required. It is those who truly are needy who have their requirements fulfilled by God. Those whose hopes may feel dashed at the time never despair –you know that He is there to help you at all times, so call on Him.

Faith, Hope and Charity –all are important –all involve love, and the greatest of these is charity. As I said be charitable to each other especially those closest to you. God bless and keep you all in His care. **Sananda.**
